SelfServ CASH DISPENSE ATMs—BETTER CONNECTING CONSUMERS WITH CASH

The Cash Dispense ATM remains a convenient, trusted self-service channel for consumers worldwide. As financial institutions continue their self-service reinvention, as part of an evolving digital world, consumers still demand access to cash in the simplest, most secure way possible. When powered with NCR's intuitive CxBanking software, the cash dispenser unlocks amazing consumer experiences across physical and digital banking channels, allowing you to better connect consumers with cash.

NCR SelfServ Cash Dispense ATMs can also help you to:

- Transform your self-service network with a reliable, cost effective solution suited to any location
- Bring your financial brand closer to where and when your customer demands cash in a range of off-site locations
- Generate revenue by offering your customers additional services using targeted marketing and promotions
- Increase uptime, availability and operational efficiency through express recovery, self-healing, better dispenser performance, and a variety of security features
- Deliver exceptional customer experience through the ability to offer multi-touch screens, with pinch/swipe, contactless tap and PIN functionality and mobile cash withdrawal

“Cash withdrawal volumes and values are rising year on year. The \$14 trillion withdrawn from ATMs annually around the world every year is equivalent to 18 percent of global GDP, or around \$450,000 USD withdrawn every second,”
